

BAME Leaders course 2020

Applications are sought for this programme which combines leadership development, coaching, reflection and career planning. It is funded by the DfE's Leadership Equality and Diversity Fund and delivered jointly by Angie Browne (Nourished Collective) and Claire Stewart-Hall (Equitable Coaching).

Overview:

The Equality & Diversity regional hubs support schools to develop local solutions that help teachers covered by at least one of the protected characteristics as defined in the [Equality Act 2010](#) progress into leadership.

The funding of the regional hubs reinforces the government's commitment to increasing the diversity of school leadership and maximising the number of leaders available by raising aspirations and the chances of successful promotion among people with leadership potential.

This course is aimed at teachers who are keen to develop professionally and reflect on their role in leading and developing our education landscape in the South West. It will provide opportunity to reflect on leadership approaches that respond to and value diversity.
